## Goat Therapy

**presented by Jim Naron,  
Executive Director of Goat Walkabouts**

Do you enjoy furry friends? Did you know that animals often provide many benefits other than just being adorable? Goat Walkabouts provides a unique therapy option for individuals with Alzheimer's, dementia, Down syndrome, PTSD, and other challenges by establishing meaningful connections with rescued Nigerian Dwarf goats. Through therapeutic walks, visits to memory care centers, and group events, Goat Walkabouts, promotes mental wellness and healing while ensuring goats have a natural habitat for exploration and well-being.
