The choices for Medicare are unique to your personal situation. Factors such as your age, if you're still working, and when you get retirement or disability benefits from Social Security, can all impact when and how you sign up for Medicare. The Area Agency on Aging will provide an unbiased overview about the State Health Insurance Assistance Program (SHIP), specifically the changes planned for the 2025 Medicare Open Enrollment Process. This session will help older adults be able to make an informed decision regarding their health care needs during open enrollment. For specific concerns or questions, please contact SHIP directly.
