Contractor and the State agree to the terms and conditions in this Contract.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Contract shall not be valid or enforceable until the Effective Date. The State shall not be bound by any provision of this Contract before the Effective Date, and shall have no obligation to pay Contractor for any Work performed or expense incurred before the Effective Date or after the expiration or sooner termination of this Contract.

B. Initial Term

The Parties' respective performances under this Contract shall commence on the Contract Performance Beginning Date shown on the Signature and Cover Pages for this Contract and shall terminate on the Initial Contract Expiration Date shown on the Signature and Cover Pages for this Contract (the "Initial Term") unless sooner terminated or further extended in accordance with the terms of this Contract.

C. Extension Terms - State's Option

If the Signature and Cover Pages for this Contract shows that the State has the Option to Extend Term, then the State, at its discretion, shall have the option to extend the performance under this Contract beyond the Initial Term for a period, or for successive periods, at the same rates and under the same terms specified in the Contract (each such period an "Extension Term"). In order to exercise this option, the State shall provide written notice to Contractor in a form substantially equivalent to §21 "Sample Option Letter." The State may include and incorporate a revised budget with the option letter, as long as the revised budget does not unilaterally change rates or terms specified in the Contract. Except as stated in §2.D, the total duration of this Contract, including the exercise of any options to extend, shall not exceed 5 years from its Performance Beginning Date, or the number of years specified on the Signature and Cover Pages if such number is less than 5 years, absent prior approval from the Chief Procurement Officer in accordance with the Colorado Procurement Code.

D. End of Term Extension

If this Contract approaches the end of its Initial Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Contractor as provided in §15, may unilaterally extend such Initial Term or Extension Term for a period not to exceed 2 months (an "End of Term Extension" or "Holdover"), regardless of whether additional Extension Terms are available or not. Any such extension shall be under the same terms and conditions of the operative Contract including, but not limited to, prices, rates, and service delivery requirements. The provisions of this Contract in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement contract or modification extending the total term of the Contract.

E. Early Termination in the Public Interest

The State is entering into this Contract to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Contract ceases to further the public interest of the State, the State, in its discretion, may terminate this Contract in whole or in part. A determination that this Contract should be terminated in the public interest

shall not be equivalent to a State right to terminate for convenience. This subsection shall not apply to a termination of this Contract by the State for Breach of Contract by Contractor, which shall be governed by §12.A.i.

i. Method and Content

The State shall notify Contractor of such termination in accordance with §15. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Contract, and shall include, to the extent practicable, the public interest justification for the termination.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Contractor shall be subject to the rights and obligations set forth in §12.A.i.a.

Additionally, if this Contract is less than 60% completed, as determined by the State, the State may reimburse Contractor for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Contract, incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor hereunder.

i. Invoices and Payment

a. The State shall pay Contractor in the amounts and in accordance with the Exhibits.

b. Contractor shall initiate payment requests by invoice to the State, in a form and manner approved by the State. Invoicing is a material component of Contract performance and corresponding Deliverables. Invoices shall be due to the State within 45 days of work performed by the Contractor, unless otherwise stated in the Exhibits hereto. Invoicing shall be done accurately and per any specifications set forth in the Exhibits hereto. Time is of the essence in this regard. If Contractor fails to timely and/or properly invoice the State, the State may not be obligated to pay the bill resulting from said invoice. Failure to timely and/or properly invoice the State is a material breach of this Contract which would be cause for the State to refuse payment and/or terminate the contract on these grounds in whole or in part, at the State’s discretion.

c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Contractor and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Contractor shall make all changes necessary to correct that invoice.

d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Contract.

ii. Interest

Amounts not paid by the State within 45 days of the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 45th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. Contractor shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of day's interest to be paid and the interest rate.

iii. Payment Disputes

If Contractor disputes any calculation, determination or amount of any payment, Contractor shall notify the State in writing of its dispute within 30 days following the earlier to occur of Contractor's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Contractor and may make changes to its determination based on this review. The calculation, determination or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Contractor beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Contract Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Contract Funds the State's obligation to pay Contractor shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Contract shall be made only from Contract Funds, and the State's liability for such payments shall be limited to the amount remaining of such Contract Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to

fund this Contract, the State may, upon written notice, terminate this Contract, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Contract were terminated in the public interest as described in §2.E.

v. Option to Increase Maximum Amount

If the Signature and Cover Pages for this Contract show that the State has the Option to Increase or Decrease Maximum Amount, then the State, at its discretion, shall have the option to increase or decrease the statewide quantity of Goods and Services based upon the rates established in this Contract, and increase or decrease the maximum amount payable accordingly. In order to exercise this option, the State shall provide written notice to Contractor in a form substantially equivalent to §21 “Sample Option Letter.” Delivery of Goods and performance of Services shall continue at the same rates and terms as described in this Contract. The State may include and incorporate a revised budget with the option letter, as long as the revised budget does not unilaterally change rates or terms specified in the Contract.

6. REPORTING - NOTIFICATION

A. Quarterly Reports.

In addition to any reports required pursuant to §17 or pursuant to any other Exhibit, for any contract having a term longer than three months, Contractor shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Contract. Such progress report shall be in accordance with the procedures developed and prescribed by the State. Progress reports shall be submitted to the State at the time or times specified by the State in this Contract, or, if no time is specified in this Contract, not later than five Business Days following the end of each calendar quarter.

B. Litigation Reporting

Such notice shall specify the type of Services to be performed outside the State of Colorado or the United States and the reason why it is necessary or advantageous to perform such Services at such location or locations, and such notice shall be a public record. Knowing failure by Contractor to provide notice to the State under this section shall constitute a Breach of Contract. This section shall not apply if the Contract Funds include any federal funds.

After an Incident, Contractor shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which may include, but is not limited to, developing and implementing a remediation plan that is approved by the State, at no additional cost to the State. SECTION I- OVERVIEW

A. The Establishment of Local Coordinating Organizations

With increased funding through the passage of Proposition EE and bold early childhood initiatives led by Governor Jared Polis, Colorado is in a pivotal position to transform its entire early childhood landscape. In July of 2022, the Colorado Department of Early Childhood (CDEC) will officially open and will be charged with overseeing this early childhood system, including the implementation of 10 hours of universal, voluntary preschool by July 2023, for children in the year before kindergarten.

Currently, Colorado is in the process of re-envisioning its infrastructure (e.g., leadership, capacity, workforce, resources, partnerships) to successfully launch a program of this scale. HB 22-1295 lays a foundation for this infrastructure by authorizing the creation of Local Coordinating Organizations (LCO) in all regions of the state. To ensure that community voices are elevated and local partnerships are fostered, LCOs will serve as CDEC's partners in each area of the state and will implement the state's early childhood vision in accordance with their local context.

B. Expectations for LCOs

Through this Request for Applications (RFA), CDEC is seeking to identify and support Local Coordinating Organizations (LCOs) for the three-year period beginning July 1, 2022, continuing through June 30, 2025. The satisfactory execution of responsibilities

during year one (2022-2023) is a requirement to continue agency designation and funding for year two (2023-2024) and year three (2024-2025).

At a high level, in their community, LCOs are charged to:

- Develop a unified plan with community partners for the successful rollout of UPK and longer term birth to five goals for comprehensive early childhood services and supports for the catchment area
- Coordinate, at a minimum, enrollment for universal preschool in year one, adding other early childhood and family support programs as able
- Serve as a local resource for family access to quality early care and education from birth to five and beyond
- Engage with all community partners and stakeholders
- Strengthen the local early childhood system by supporting providers, growing capacity, and increasing access
- Plan for the allocation of equitable funding in the community, with consideration of a parent's choice of provider*
- Administer additional functions related to early childhood as applicable **Please note that the Department will administer funds directly to providers, unless the LCO explicitly requests and demonstrates the ability to serve this role (see page 7).*

To fulfill this charge, LCOs must complete an annual community plan that describes their strategy to:

- Ensure as many families as possible can access early childhood programs and services for which they are eligible, from birth to age five and beyond.
- Ensure mixed delivery through the recruitment of both school- and community based partners, as well as family child care providers and other participating entities
- Allocate per-child slots equitably across sites and programs
- Address capacity needs and assist in aligning all available resources with community demand
- Allow families as much choice as possible in their selection of child care providers
- Coordinate, at a minimum, enrollment for universal preschool in year one, adding other early childhood programs as able

At a minimum, this community plan includes the following deliverables:

1. Annual unduplicated count of all children served, with waiting list, vacancies, and family demand as available

2. Unified funding request for catchment area
3. Recruitment and enrollment plan
4. Budgets for all applicable funds, including administration
5. Initial, long term plans for coordinating other early childhood and family support services

A more thorough list of responsibilities for LCOs can be found in HB 22-1295 and are outlined in more detail in the draft LCO agreement [linked here](#) (for informational purposes only - you do not need to submit this agreement at this stage). CDEC will provide ongoing support to guide and assist LCOs with executing these responsibilities. CDEC will monitor LCOs and review all deliverables to determine if adequate implementation of the outlined responsibilities is occurring and to provide technical assistance, partnerships, and support in accordance with each community's needs. Over time, as the needs of Colorado families change and the state's early childhood infrastructure continues to develop, expectations for LCOs may shift and expand to best align with community needs.

C. Funding

Because the size of the catchment area and complexity of work will vary for LCOs, not every entity will receive the same amount of funding. LCOs may receive various types of funding from CDEC including administrative funds.

- Administrative funding is the funding given to LCOs to perform their roles. This funding will account for the complexity of work for the LCO in their community. The details for this funding are forthcoming, but we expect to be able to accommodate reasonable requests such as funding to hire staff support, to add technological infrastructure, or other administrative purposes.
- Per-child funding will be allocated by CDEC based on the unified funding request submitted as part of the community plan.

SECTION II- APPLICATION AND SELECTION PROCESS

A. Eligible Applicants

Per HB 22-1295, any public agency or Colorado-based nonprofit organization may apply, including newly formed organizations, strategic partnerships between organizations, or other locally determined innovations. PART 2 – RATIONALE AND EVIDENCE FOR DESIGNATION AS LCO

The Douglas County Early Childhood Council (DCECC) will be the designated LCO. The DCECC works to ensure our community's youngest children and families have a strong local system that supports children's healthy development, school readiness, and family well-being and stability.

We work with child care professionals, families, healthcare providers, mental health providers, the school district, local leaders, and many other partners to enhance the quality and availability of child care and early education opportunities for children.

The mission of DCECC is to foster and promote a comprehensive, high quality, and responsive system of early childhood services and supports for families with children, prenatal to age eight. This mission demonstrates the commitment the DCECC has to supporting the implementation of UPK for children during the year before they enter kindergarten.

Describe your organizational capacity, or the capacity of your LCO partnership, to serve as LCO in your community.

Please include any history of successfully completing similar roles in your community in your response. Note that administrative funding will be available to support LCO capacity. (500 words or less)

The Douglas County Early Childhood Council current Executive Committee has broad representation of local community stakeholders who collaborate together to strengthen the system of early childhood in Douglas County. The Douglas County Early Childhood Council (DCECC) is composed of one full-time staff person (Council Director), three contract staff (Coaches and Communication Specialist), a ten-person Executive Committee and community at large. DCECC cultivates relationships with community partners which includes but is not limited to: The Douglas County School District, The Douglas County Department of Human Services, The Family Center of Douglas County, faith-based community, and early childhood providers. This group meets monthly to provide oversight for the implementation of DCECC's strategic plan, make recommendations concerning policies and procedures, and coordinate services across the different areas represented by the stakeholders.

In June 2007, the Douglas County Early Childhood Council was formally recognized as an early childhood council. Since that time, our role in coordinating early childhood services, building and maintaining strong partnerships, and sustaining a strong early childhood system has grown and evolved. Today Douglas County's Early Childhood Council works across the three early childhood domains in the Early Childhood Colorado Framework: Learning and Development, Health and Well-Being, and Family Support and Education.

Diane Smith, Director of DCECC, has broad experience in the field of education. She will be able

to capitalize on the broad representation on the Council to develop the necessary systems and structures that will be needed to successfully serve as the LCO. DCECC is confident that we have the best foundation to support the launch for an LCO. It is anticipated that as more is known and developed for LCO's, DCECC will be able to respond. With LCO funding, provided by the Colorado Department of Early Childhood (CDEC), DCECC expects to, at a minimum, employ an LCO Director. The LCO Director will add necessary staff time to effectively launch Universal Preschool. The Director will also assess all available resources to identify a priority for growth.

In reflecting on the roles and responsibilities of an LCO, what do you see as your organization's greatest strength? What will require the most support or growth for your organization? (500 words or less)

The greatest strength of the DCECC is the broad representation of local community stakeholders who collaborate regularly to strengthen the system of early childhood in Douglas County. There is a high level of existing buy-in that will help fuel the vision of this LCO. By creating clearly defined structures and expectations for families and providers within the first year, our community of providers will be even stronger and our program will be highly successful. As families and providers feel comfortable with the sustainability of the program, we will be able to further assess the necessary resources and opportunities to invest in our children, families and educators.

The area that will require the most growth is creating the framework of communication and coordination for both families and providers. Developing a system where we can easily collect and analyze data regarding the number of participants and available providers and determining where there are potential gaps and then applying those results will translate to having a transparent, informative and proactive mode of communication that will benefit all participants. This in turn will continue to drive the passion and engagement moving us forward in expanding early childhood opportunities.

Why are you applying for the specific catchment area you indicated in Part 1? (250 words or less)

Douglas County has the benefit of having a county wide school district and other county wide services. The DCECC has served the county since its inception. Being surrounded by other highly self-sufficient communities, we do not see a need to collaborate or combine our efforts.

Briefly describe your history or future plans to foster collaboration between community partners in your proposed catchment area and elevate the perspectives and experiences of families and providers. In accordance with HB 22-1295, please reference your plans to coordinate with, at a minimum, Administrative Units, ECCs, Head Start Agencies, FRCs, and county departments of human services for the administration of CCCAP.

The DCECC has a strong history of collaboration throughout the county based on the broad membership that includes Douglas County School District Preschool and Special Education Child

Exhibit B

Find, Douglas County Department of Human Services, Douglas County Licensing specialists, Developmental Pathways, Early Intervention, Health departments: Tri-County and Jogan Health, All Health Network, Douglas County library system, Douglas County Child Care Association, representatives from both center and family child care professionals, parent representatives, pediatricians in Douglas County. It will be fairly straightforward for us to connect with these organizations across the county. Each member will focus on their area(s) of expertise as far as generating interest and involvement, and supporting communication.

In the past DCECC has held quarterly membership meetings for both parents and early learning staff. With the advent of COVID-19, these meetings became virtual and were not as well attended. We will reinstate these meetings to ensure a two-way communication stream. It will be crucial to capture the experiences and perspectives of families and providers to ensure continuous quality improvement of UPK.

CDEC will administer funding to providers, unless LCOs have a demonstrated ability to do so themselves, and request the authority to manage provider payments. If your organization wishes to be responsible for the distribution and administration of public funding within your community, please describe your history and capacity to administer payments to providers. Otherwise you may leave this section blank. (350 words or less)

Douglas County School District will continue to operate as the fiscal agent of the DCECC. We will continue to collaborate with the DCSD finance department to ensure appropriate timelines and funds administration.

Please indicate your plan to ensure the availability of a mixed delivery system and the equitable allocation of funding among preschool providers based on family choice. If you are a direct service provider, please address your plan to ensure there are no conflicts of interest in serving this role. (250 words or less)

A mixed delivery system will be critical to the success of ensuring quality options for families and giving families a voice in what they would like for their child. The DCECC has a relationship with all types of childcare and preschool options within the county including private, public, home-based and faith-based providers. Through the community planning process, we will recruit programs to participate, better understand the methods and approaches that work best for programs and create a plan that will demonstrate equitable access across different license types, programs through the country.

For providers, a mixed delivery approach increases fiscal stability by allowing multiple funding streams to support it and allows child care slots to be offered in diverse settings that meet health, safety and performance standards. We also know children learn from their teachers and peers when we bring children together from diverse backgrounds. This means a variety of settings are available to meet families needs and choice.

PART 3 – PARTNER SUPPORT

As part of the application, applicants must have the support of local partners in their community. In accordance with HB 22-1295, applicants must have the support of (at a minimum) families, providers, Early Childhood Council, local and tribal agencies, school districts, charter schools, and local government within the community. Applicants may include more organizations, such as Administrative Units, community nonprofits, intermediary organizations, etc.

Letters of support or signatures on a single letter of support may be used to indicate notification of and endorsement of application. Letters should include contact information if any follow up is needed as part of the application process. Please compile all letters into one document, include the partner's name along with each letter or signature, and attach it along with this application.

Please submit your completed application and letters of support as an email attachment to cdec@state.co.us by June 20, 2022.

If the initial Award is \$30,000 or more, but funding is subsequently de-obligated such that the total award amount falls below \$30,000, the Award shall continue to be subject to the reporting requirements.
