### **I. EXECUTIVE SUMMARY**

The request is for approval of a zone map change to rezone approximately 106 acres from Estate Residential (ER) to Agricultural One (A-1) in accordance with the Douglas County Zoning Resolution (DCZR) Section 112, Zone Map Changes, under the procedure for "Rezoning of land, when requested by the landowner, to bring it into compliance with the Master Plan."

The proposed zone map change is located on the east side of Perry Park Boulevard, at its intersection with Echo Valley Road. The project is located within the West Plum Creek Nonurban Subarea as identified by the 2040 Comprehensive Master Plan (CMP).

### **II. APPLICATION INFORMATION**

#### **A. Applicant**

Matt Flavin  
Cisco Land Company LLC  
3900 S Colorado Blvd  
Englewood, CO 80113

#### **C. Request**

The applicant requests approval of a zone map change consisting of approximately 106 acres from ER to A-1 for consistency with the CMP and agricultural uses on the property.

#### **D. Process**

A zone map change application is processed pursuant to Section 112 of the DCZR.

Per Section 112.04 of the DCZR “The Planning Commission shall evaluate the proposed amendment, staff report, referral agency comments, public testimony, and make a recommendation to the Board of County Commissioners to approve, approve with modifications, table for further study, or deny the proposed map amendment.”

**E. Location**

The project is located on the east side of Perry Park Boulevard at its intersection with Echo Valley Road. The attached vicinity map, zoning map, and aerial map highlight site location and existing conditions.

**F. Project Description**

The zone map change application is to rezone approximately 106 acres from Estate Residential (ER) to Agricultural One (A-1). The intent is to ensure consistency with the Comprehensive Master Plan and to be consistent with agricultural uses on the property.

**III. CONTEXT**

**A. Background**

The applicant owns three parcels along Echo Valley Road as a part of Perry Park Ranch’s breeding operations. The applicant wishes to preserve the properties for agricultural uses in perpetuity and is working with the Douglas Land Conservancy to place them in a conservation easement.

**B. Adjacent Land Uses and Zoning**

The zone map change request is adjacent to agricultural and residential properties.

**Zoning and Land Use**

Direction	Zoning	Land Use
North	Agricultural One and Suburban Residential	Agricultural and Vacant
South	Suburban Residential and Large Rural Residential	Vacant and Single-family Residential
East	Multifamily, Agricultural One, Rural Residential, Suburban Residential	Townhomes, Agriculture, Single-family Residential, Vacant
West	Agricultural One and Suburban Residential	Single-family Residential, Vacant, and Golf Course

**IV. ZONE MAP CHANGE ELIGIBILITY**

Section 112 of the DCZR allows for changes to the zoning map. The procedure is utilized for the following:

- Zoning of land disconnected from an incorporated area.

- Rezoning of land purchased with open space funds or dedicated to the County for open space.
- Correction of zoning map errors.
- Rezone of land to Open Space Conservation district.
- Rezoning of land, when requested by the landowner, to bring it into compliance with the Master Plan.

In this case, the property owners requested to rezone a property to bring it into greater compliance with the Master Plan. The subject property is within the West Plum Creek Subarea of the CMP. The CMP includes the following goals and policies that support the zone map change request.

- Goal 3-1: Project and conserve the natural and rural character of the nonurban area.
- Objective 3-1A: Preserve land that is characterized by ranching, farming, significant wildlife habitat, important biotic systems, or important scenic views, in perpetuity.
- Objective 3-1B: Support opportunities for owners of rural lands to continue ranching and farming.
- Policy 3-1B.2: Encourage opportunities for the expansion of agricultural operations in the nonurban area.
- Goal 3-2: Ensure land use and design is compatible with the natural and rural character of the nonurban area.
- Goal 3-3: Maintain the unique rural character of the Chatfield Valley (nonurban area), Cherry Valley, High Plateau, Indian Creek, Northeast, West Plum Creek, and Pike National Forest and Foothills Subareas.
- Policy 3-3F.1: Low-intensity rural development is supported in the West Plum Creek Subarea.

## **V. REFERRALS**

This zone map change was distributed to applicable referral agencies. No concerns were received from referral agencies. Courtesy notices of an application in progress were sent to abutting landowners. No responses from the public were received.

## **VI. STAFF ASSESSMENT**

Staff has evaluated the zone map change request. The map change rezones property to A-1 to bring the property into more compliance with the Comprehensive Master Plan and agricultural uses on site. In staff's assessment, the request meets the eligibility criteria. After consideration, the Planning Commission may recommend approval of the zone map change to the Board of County Commissioners.

## **PREBLE’S MEADOW JUMPING MOUSE**

### **What is the Preble’s Meadow Jumping Mouse?**

The Preble’s Meadow Jumping Mouse is a rare mouse designated by the United States Fish and Wildlife Service as a “threatened species” under the Endangered Species Act. The federal threatened species designation prohibits the unlawful “take” of the Preble’s Meadow Jumping Mouse or its habitat.

### **Where does the mouse live?**

The Preble’s Meadow Jumping Mouse lives primarily in heavily vegetated riparian habitats. In Douglas County, the mouse has been located in or near many drainages, including tributaries and the mainstream reaches of East and West Plum Creek. However, any stream reach or potential habitat within Douglas County may be subject to the requirements of the Endangered Species Act. The mouse has also been found in Boulder, Elbert, El Paso, Jefferson, and Larimer counties and in parts of Wyoming.

### **What activities may be considered a violation of the Endangered Species Act?**

In its listing decision, the United States Fish and Wildlife Service identified activities that may result in violation of the Endangered Species Act to include:

- Unauthorized or unpermitted collection, handling, harassing, or taking of the species;
- Activities that directly or indirectly result in the actual death or injury death of the mouse, or that modify the known habitat of the species, thereby significantly modifying essential behavioral patterns (e.g., plowing, mowing, or cutting; conversion of wet meadow or riparian habitats to residential, commercial, industrial, recreational areas, or cropland; overgrazing; road and trail construction; water development or impoundment; mineral extraction or processing; off-highway vehicle use; and, hazardous material cleanup or bioremediation); and;
- The application or discharge of agrichemicals or other pollutants and pesticides onto plants, soil, ground water, or other surfaces in violation of label directions or any use following Service notification that such use, application or discharge is likely to harm the species; would be evidence of unauthorized use, application or discharge.

### **How to determine if a proposed activity would violate the Endangered Species Act.**

Any questions regarding whether an activity will impact the Preble’s Meadow Jumping Mouse or its habitat should be directed to:

***Any approval given by Douglas County does not obviate the need to comply with applicable federal, state, or local laws and/or regulations.***

## **Cisco Land Co. Narrative**

**October 3, 2025**

Zone Map Changes may be requested per Douglas County Zoning Resolution Section 112 “when requested by the landowner, to bring it into compliance with the Master Plan.”

As the landowner, Cisco Land Company (owned by Matt and Brooke Flavin) is requesting to have three parcels, totaling approximately 106 acres, in Perry Park rezoned from Estate Residential (ER) to Agricultural One (A-1) to bring them into compliance with the West Plum Creek subarea of the Master Plan. The three parcels mentioned are an important part of Perry Park Ranch’s breeding operations and will continue to home broodmares and foals. Matt Flavin and his wife Brooke plan to preserve the properties for agricultural use in perpetuity and are currently working with Douglas Land Conservancy on a conservation easement.

The Comprehensive Master Plan (CMP) provides for the preservation of the rural landscape, natural habitats, critical viewsheds, and community separators."

CMP Objectives 3-1A and 3-1B specifically note "Preserve land that is characterized by ranching, farming, significant wildlife habitat, important biotic systems, or important scenic views, in perpetuity." and "Support opportunities for owners of rural lands to continue ranching and farming." The zone map change will allow for the parcel to have ranching and grazing as principal uses as supported in the Master Plan.

CMP Policy 3-3F.1 notes that low-intensity rural development is supported in the West Plum Creek Subarea. The zone map change to A-1 promotes the low-intensity rural development of ranching envisioned in the Master Plan.

CMP Policy 3-1B.2 encourages opportunities for the expansion of agricultural operations in the nonurban area. The zone map change will allow for the expansion of the agricultural uses in Perry Park.
