Grantor and Grantee, and their respective successors and assigns, may be referred to collectively herein as the “Parties” and singularly as a “Party.”

WITNESSETH:

THAT GRANTOR, for and in consideration of the sum of EIGHT THOUSAND AND EIGHT HUNDRED AND SEVENTY DOLLARS AND 00/100 CENTS (\$8,870.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and by these presents does hereby grant, sell, bargain, and convey to Grantee, or its successors and assigns, a temporary construction easement all over, upon, across, and under that certain tract of land, situated in the County of Douglas, State of Colorado, described as follows:

See Exhibit “A”, attached hereto and incorporated herein by reference
(the “Easement Area”).

TOGETHER WITH the right of ingress and egress over said Easement Area for the purposes of constructing certain roadway and drainage improvements associated with the Hilltop Road Widening Project (Legend High School to Alpine Drive); Douglas County Project No. CI 2020-029 (the “Project”). This Easement shall be subject to the following terms and conditions:

1. Use by Grantee. Grantee shall have the full right and authority to make the improvements delineated in the Project construction plans, incorporated herein by this reference, which may consist of slope grading and the movement of equipment and personnel within the Easement Area.
2. Use by Grantor and Restriction. Grantor shall retain the right to use the surface of the Easement Area for ingress and egress, insofar as such use and occupancy is consistent with and does not impair Grantee's full employment of the rights herein granted; provided however, Grantor shall be prohibited from constructing any structures or fencing within the Easement Area during the term of this Easement.
3. Mutual Use. The Parties agree to use reasonable efforts to minimize any interference with any of the activities of the other Party, its employees, authorized agents and contractors on the Easement Area, and shall not undertake any actions regarding its use of the Easement Area that

would endanger the health, safety or welfare of either Party or their employees, agents or contractors, or damage it's equipment, materials or property.

4. No Additional Uses. Grantee, its employees, authorized agents and contractors use of the Easement Area shall be for the sole and exclusive purposes contained herein, and this Easement shall not be construed as a dedication of the Easement Area or a grant of uses beyond those contemplated herein.

5. Notice. Grantee shall notify Grantor orally or in writing a minimum of twenty four (24) hours prior to first entering the Easement Area to construct the Project improvements.

6. Repair and Restoration. Prior to the expiration of this Easement, Grantee shall restore the surface of the Easement Area, and any areas disturbed by Grantee, as nearly as reasonably possible to its original condition, which shall include contouring and stabilizing the surface of the ground, and repairing any depressions, wheel tracks, ruts or other marks left in the ground surface by truck or track-mounted equipment. Grantee shall revegetate any disturbed native areas with the seed mixture currently approved by the Douglas County Department of Public Works Engineering.

7. Removal of Equipment. Prior to the expiration of this Easement, Grantee shall promptly remove all materials, debris and equipment utilized to perform the work from the Easement Area, including any construction equipment and materials staged and/or stored within the Easement Area, if any.

8. Permanent Fencing. Any existing permanent fencing located within and/or adjacent to the Easement Area impacted by Grantee's activities shall be reset or replaced by Grantee with like kind materials at its original location (when possible) or at an alternate location to be mutually determined between the Parties upon completion of the work.

9. Driveways. Any driveways, street entrances and curb cuts located within the Easement Area, which are disturbed by Grantee's construction activities, shall be replaced with like kind materials by Grantee and configured to tie into the roadway profile improvements associated with the Project.

10. Mechanic's and Materialmen's Liens. Grantee covenants and agrees not to suffer or permit any lien of mechanics or materialmen or others to be placed against the Easement Area or on Grantor's property with respect to work or services claimed to have been performed for, or materials claimed to have been furnished to, Grantee or its agents pursuant to this Easement.

11. Compliance with Laws. Grantee shall cause all activities and work on the Easement Area to be performed in compliance with all applicable laws, rules, regulations, orders and other governmental requirements, including all stormwater management laws and regulations. Grantee acknowledges and agrees that it shall ensure that its contractors obtain and maintain all necessary federal, state and local permits relating to water quality, erosion, drainage, sediment control, grading and stormwater discharge for the performance of maintenance and/or repair work.

12. Release. Grantee, for itself and those claiming through Grantee, hereby releases Grantor, its beneficiaries, and its respective officers, directors, partners, employees, agents, mortgagees, licensees, contractors, guests, and invitees and their respective successors and assigns from any and all liability, loss, claims, demands, damages, penalties, fines, interest, costs, and expenses for damage that may arise from the use of the Easement Area by Grantee and its agents.

13. Insurance. At all times during Grantee's use of the Easement Area for construction, Grantee shall require its general contractors to maintain commercial general liability and automobile liability insurance policies that name Grantor as an additional insured on a primary and non-contributory basis with a waiver of subrogation in favor of Grantor. The policies shall include a limit of not less than \$1,000,000.00 per occurrence and \$2,000,000 annual aggregate and the general contractors shall maintain umbrella/excess coverage of \$1,000,000 per occurrence and \$2,000,000 annual aggregate for the commercial general liability and automobile liability policies. This paragraph applies to any contractor providing services within the Easement Area. Prior to any construction or maintenance activities to be performed by any of Grantee's contractors within the Easement Area, Grantee shall provide Grantor with a certificate of insurance evidencing that Grantor has been named as an additional insured under such policies with endorsements consistent with this agreement. Such certificate shall provide that such policy shall not be cancelled or amended without thirty (30) days' prior written notice to Grantor.

14. Endangered Species Act. The Easement Area may contain habitat for listed "threatened" or "endangered" species under the Endangered Species Act (ESA). Grantee shall be responsible for determining the presence of such habitat and taking measures to comply with the ESA and all other applicable federal laws.

15. Environmental. Grantee shall not cause or permit any Hazardous Material to be brought upon, kept or used in or about the Easement Area by Grantee, its agents, employees or contractors, except those customarily used in typical amounts with regard to the equipment required to construct the Project. Without limiting the foregoing, if the presence of any Hazardous Material on the Easement Area caused or permitted by Grantee results in any contamination of the Easement Area, Grantee shall promptly take all actions, at no expense to Grantor, as are necessary to return the Easement Area to the condition existing prior to the introduction of any such Hazardous Material to the Easement Area, provided that Grantor's approval of such actions shall first be obtained, which approval shall not be unreasonably withheld so long as such actions would not potentially have any material adverse effect on the Easement Area. As used in this Easement, the term "Hazardous Material" means any hazardous or toxic substance, material or waste that is or becomes regulated by any local governmental authority, the State of Colorado or the United States.

16. Warranties and Disclaimers. Grantor makes no warranties or representations with respect to the Easement Area, including, without limitation, the condition and state of repair of the Easement Area, the suitability of the Easement Area for Grantee's intended use, or with respect to any rights which other parties may have, or claim to have, to enter upon the Easement Area by reason of access easements granted by Grantor or otherwise.

17. Term. The duration of this Easement, for purposes of roadway construction, shall be for a one (1) year term that becomes effective upon the date of entry for construction, remains in

effect during construction within the one (1) year term, and terminates ten (10) days after the conclusion of construction, and in any event, the term of the Easement shall not exceed five (5) years from the date of execution of the Easement. Grantee shall provide written notice of their intention to commence to Grantor at least ten (10) days prior to commencement of the term. If requested by Grantor, Grantee shall execute a recordable form written notice of expiration of this Easement, in accordance with its terms, and promptly return the same to Grantor.

18. Settlement Amount. This Easement includes compensation to reflect the additional settlement amount negotiated between the Parties.

19. General Provisions:

a. Controlling Law. The interpretation and performance of this Easement shall be governed by the laws of the State of Colorado.

b. Severability. In the event any of the provisions of this Easement are held to be unenforceable or invalid by any court of competent jurisdiction, the validity of the remaining provisions shall not be affected. Should either Party fail to enforce a specific term of this Easement, it shall not be a waiver of a subsequent right of enforcement, nor shall it be deemed a modification or alteration of the terms and conditions contained herein.

c. Entire Agreement. This Easement sets forth the entire agreement of the Parties with respect to the Easement and supersedes all prior discussions, negotiations, understandings or agreements relating to the Easement, all of which are merged herein.

d. No Third Party Beneficiaries. This Easement is entered into by and between Grantor and Grantee, is solely for the benefit of Grantor and Grantee and their respective successors and assigns for the purposes set forth herein, and does not create rights or responsibilities in any third parties beyond Grantor and Grantee.

e. Amendment. Any amendment shall be in writing and signed by both Parties.

f. No Waiver of Governmental Immunity. Grantee, its commissioners, officials, officers, directors, agents and employees, are relying on, and do not waive or intend to waive by any provision of this Easement, the monetary limitations or any other rights, immunities and protections provided by the Colorado Governmental Immunity Act, §§ 24-10-101 to 120, C.R.S., as amended.

g. Appropriations. Any financial obligations of Grantee shall extend only to monies duly and lawfully appropriated and budgeted by Grantee and encumbered for the purpose of this Easement, pursuant to § 29-1-110, C.R.S., as amended.

h. Venue. Venue for any action hereunder shall be in the district court of the County of Douglas, State of Colorado.

j. Recitals. All recitals are hereby incorporated into the Easement.

k. Successors and Assigns. This Easement shall extend to and be binding upon the heirs, successors and assigns of the Parties hereto and shall run with the land.

l. Attorneys' Fees. In the event either party seeks to enforce its rights hereunder through litigation, arbitration or another legal proceeding, the court or panel shall award to the prevailing party in such litigation, arbitration or other legal proceeding, as part of its judgment or award, its reasonable attorneys' fees and costs, subject to Section 19g above.
