Scope of Services (March 4, 2025)

The following Scope of Services reflects modifications proposed by Basis Partners and approved by Douglas County and was utilized in determining an estimated fee. This project is fully funded by Douglas County and will not be utilizing State and/or Federal funding.

Project Background and Tasks Associated with The Scope of Services for the Hilltop Road Improvement Project Segment 1

This document serves as the final Scope of Services to perform construction management, construction inspection, drone services, and materials testing services for Douglas County's Hilltop Road Improvement Project Segment 1. The construction of this project will consist of widening and realigning Hilltop Road between Legend High School and the Village/Crestview Intersection. Hilltop will be reconstructed and widened to be a 4-lane roadway section with median and curb and gutter. At the intersection of Hilltop Road and Village Road/Crestview Drive, a new roundabout will be constructed. The project is anticipated to start on April 23, 2025,

Douglas County requires construction management, inspection and materials testing services for the project, as well as senior construction management/project management support on an as-needed basis. The project will be primarily managed by Douglas County staff, but occasionally additional support from the Consultant will be required. The project team shall contain at a minimum a Project Manager/Contract Manager, hybrid position of Project Engineer and Construction Manager (up to 20 hours per week), Senior Inspector (full time), Mid to Senior Tester (full time), Senior Tester/Junior Inspector (up to 20 hours per week), Junior Inspector Trainee, and Scheduler (up to 10 hours per week). Additionally, drone services will be required (up to 2 flights per month). Actual hours for each position will vary depending on specific project demands and as requested/approved by Douglas County.

The Project Manager/Contract Manager will be the primary Consultant point of contact and advisor and will oversee the contract budget, invoicing, and scope and ensure consultant and subconsultant resources are scaled to meet County needs.

The Senior Inspector will have contract administration and materials testing experience. The priority will be to ensure compliance in the field with inspections, but during slow periods, they will assist Douglas County with submittal reviews and contract administration support.

The part-time Senior Tester/Junior Inspector is responsible for running materials to the consultant lab for tests that cannot be performed in the contractor-provided Field Laboratory (Class 2) when the full-time tester is unable to do so due to project testing demands.

The Junior Inspector Trainee will receive on-the-job training and mentoring from the team and also serve as an efficient option with job familiarity during peak period demands, such as major paving operations, to assist the team if requested/authorized by Douglas County.
