**DOUGLAS COUNTY SCHOOL DISTRICT
3950 TRAIL BOSS LANE
CASTLE ROCK, CO 80104**

AS FISCAL AGENT FOR:

DOUGLAS COUNTY EARLY CHILDHOOD COUNCIL (DCECC)

JULY 1, 2020 – JUNE 30, 2021

INTRODUCTION/BACKGROUND

Colorado House Bill 17-1062 authorized the creation of Colorado's Early Childhood Councils (ECC). The intent of the ECCs as stated in the legislation is to “improve and sustain the availability, accessibility, capacity and quality of early childhood services for children and families throughout the state.” According to the legislation, these Councils were established “for the purpose of developing and ultimately implementing a comprehensive system of early childhood services to ensure the school readiness of children five years of age or younger in the community”. ECCs are partners in implementing quality initiatives in child care, funded by federal and state funding streams.

Together, the Early Childhood Councils throughout the state serve to create a seamless system of early childhood services representing collaboration among various public and private stakeholders for the effective delivery of early childhood services in the areas of early care and education, family support, mental health, and health. These services shall support children eight (8) years of age or younger and their parents in a manner that is responsive to local needs and conditions.

STATEMENT OF WORK

The Douglas County School District through the Douglas County Early Childhood Council (DCECC) works to create a seamless system of early childhood services representing collaboration among various public and private stakeholders for the effective delivery of early childhood services, for children 8 years and younger, in the areas of: early care and education, family support, mental health, and health. EQIT Statement of Work (SOW)

Introduction/Background

The Douglas County School District (grantee) through the direct work of the Douglas County Early Childhood Council (DCECC) strives to create a seamless system of early childhood services representing collaboration and coordination among various public and private stakeholders for the effective delivery of early childhood services, for children 8 years and younger, in the domain areas of: Early Care & Education, Family Support & Education, and Health & Well-Being.

The primary goal of the EQ Initiative is to increase the quality and availability of responsive group care for infants and toddlers across Colorado. The EQ Initiative focuses on providing infant toddler caregivers evidence-based professional development they need to ensure each child has access to the responsive relationships that define quality early care and learning, encouraging programs to meet the full range of developmental needs for infants and toddlers. This initiative works through the EQ Infant Toddler Specialist Network and in partnership with local communities to increase the quality of caregiver interactions with infants and toddlers in child care settings. The primary evidence-based professional development activities carried out by local, approved EQ Infant Toddler Specialists are the 48-hour EQIT course of training offered in local communities across the state and Coaching with the EQ RELATE. All individuals teaching the EQIT course must have completed the state-level Infant Toddler Specialist Foundations course and possess a Colorado Trainer Credential or Trainer Approval. All individuals conducting EQ RELATE Coaching must adhere to the EQ model, utilizing the EQ RELATE Coaching tools, and hold a Colorado Coaching Credential. Additional activities include the fidelity implementation of evidence-based professional development for infant and toddler early care educators and the capacity-building of infant toddler specialists and local communities.

Scope of Work

This Scope of Work was developed to reflect State Department priorities and performance standards in the grant area of: Expanding Quality in Infant Toddler Care Initiative (EQ Initiative). The EQ Initiative supports Early Childhood Councils to increase the quality of infant and toddler child care through the provision of evidence-based training and coaching for infant and toddler early care educators, deployed by EQ Infant Toddler Specialists and other approved individuals. EQIT training and coaching seek to increase the quality and availability of responsive, relationship-based infant toddler care in local communities across Colorado. The Early Childhood Council will offer the approved 48-hour EQIT course of training and individualized EQIT Coaching, following all EQ Initiatives guidelines. Any changes to the EQIT Course of Training, the EQIT Coaching model must be preapproved. Other high-quality, evidence-based professional development for infant toddler early care educators can be provided with Program Manager approval including LENA Grow, Touchpoints, additional EQ RELATE Coaching, and scholarships for ECE 111/112 and/or the Infant Toddler or Family Child Care CDA. All requirements of these programs must be met. The EQIT course and coaching are designed to be offered at very low cost to infant toddler caregivers across Colorado. However, Early Childhood Councils may charge a nominal fee (up to \$50/pp for training) and may use those funds ONLY for EQIT-related needs. There must be a written plan in place to reduce or eliminate this charge for individuals who cannot afford to pay training fees.

Colorado Shines Quality Rating and Improvement System

The Colorado Shines Quality Rating and Improvement System is the primary measure of the effectiveness of quality improvement activities. The Colorado Shines framework includes five standard areas that research has shown are related to program quality: Workforce and Professional Development; Family Partnerships; Leadership, Management and Administration; Learning Environment; and Child Health. In addition to accumulating the total number of points required for each Level 3-5 rating, programs must meet minimum levels of quality as measured by the appropriate Early Childhood Environment Rating Scale (ERS). Colorado Shines quality standards apply to all licensed child care centers, family child care homes, and district and charter-based preschool programs serving children prior to kindergarten entry. This rating system is a block and point system with Levels 1 and 2 based on meeting standards outlined in each block and Levels 3 through 5 based on an accumulation of points. Programs that meet current early education and care program-licensing criteria will receive a Level 1 quality rating. Level 1 demonstrates that a program is meeting licensing standards and holds a permanent license. If a program chooses not to pursue higher quality levels within Colorado Shines, then it will remain at a Level 1. There are no requirements that programs be rated beyond the licensing requirement of a Level 1.

Quality Incentives and Program Supports

The Colorado Shines quality improvement incentives and program supports are based on license type (center/home) and number of classrooms. The Office of Early Childhood, Colorado Department of Human Services, sets funding amounts for quality improvement incentive awards. Actual funding amounts vary and may change based on the more prescriptive manner as outlined in the Early Childhood Council Strategic Plan, School-Readiness Plan and Quality Improvement Program Memorandum of Understanding (QI MOU) that is executed with each participating child care program. Quality improvement resources are based on available funding and may be prioritized to support the Office of Early Childhood strategic priorities.

Quality improvement incentives offered at Levels 1 and 2 include funding to support the readiness assessment, which determines a program's ability to meet the Levels 3 through 5 quality indicators as well as the programs quality improvement planning.

Allowable Use of Quality Improvement Supports and Incentive Funding

All licensed program quality improvement supports and quality incentive funding must be linked to goals noted within the child care program Colorado Shines Quality Improvement Plan (QIP). Programs can choose to access coaching, professional development, temporary teacher funds, and early learning materials.

1. **Coaching** - Colorado Shines offers a coaching model that supports all five quality standards. Coaching includes intensive support offered by subject matter experts to enhance particular aspects of quality. This support can occur in person or remotely, for example via phone, email, or video conference. This model incorporates practice-based coaching which focuses on planning and goal setting, focused observation, reflection and sharing teaching practices. Coaches are required to hold a coaching credential to coach within this framework. Coaching rates include direct classroom coaching and indirect coaching activities (preparing, following up, logging coaching, travel, coach professional development).
2. **Professional Development and Temporary Teacher Funds** - Participating programs may utilize quality improvement funding to compensate for professional development activities for

Exhibit C

their staff. Allowable activities include qualifying Early Childhood Education college coursework, conferences, training, and substitute teacher reimbursement for professional development purposes.

3. **Early Learning Materials** - Classroom materials, such as non-consumable materials for the child care learning environment.
4. **Tiered Reimbursement** - Detail for the Tiered Reimbursement Plan shall be reflected in the Early Childhood Council(s) school-readiness plan in cases where tiered reimbursement will be included as a quality incentive strategy for licensed program grant awards. Colorado Shines Quality Improvement funding may only be used to augment existing provider rates for programs being supported at a Colorado Shines high quality (Levels 3-5).

Funds to support **capital improvements** in programs that serve infants and toddlers may be available through an application to and approval from the Office of Early Childhood, Colorado Department of Human Services. State approval depends on available funding and strength of the request.

Quality Incentive Funding Formula and Business Rules

Quality improvement incentives are monetary awards within Colorado Shines which are generally intended to help support the costs of improving program quality and/or maintaining program quality. Quality improvement incentives are related to a program's Colorado Shines QIP, are conditioned on the achievement and advancement of quality levels in Colorado Shines, and are intentionally focused on the statewide priorities and goals. Awards are structured to encourage programs to engage in Colorado Shines, serve children with high needs, and improve quality.

Early Childhood Councils deploy the local delivery supports for the Colorado Shines Quality Rating and Improvement System supporting early learning programs to increase or maintain quality through the implementation of quality improvement activities. This includes program level support from Quality Improvement Navigators and Coaches.

All quality improvement incentive funding is accessible through a General Accounting Encumbrance (GAE), which is a payment structure whereby each participating Early Childhood Council contract will include the full amount of the GAE as a "not to exceed" statement and can draw down from the GAE with proper approval. Prioritization for funding is driven by State Department priorities and demand.

Business Processes for the Distribution and Tracking of the Incentives

Early Childhood Councils serve as Quality Improvement Incentive Administrators for Colorado Shines. This is consistent across all quality improvement programs funded through the Office of Early Childhood, Colorado Department of Human Services.

The Colorado Shines technology system is integrated with the Professional Development Information System, ecConnect System, and other authoritative data sources to minimize self-report data and provide a coordinated end-user experience to child care programs. Quality Improvement Incentive Administrators will use the ecConnect System to administer the child care quality improvement applications, approve and allocate quality improvement incentive funds, close-out, and renew quality improvement programs. Internal controls and approval workflows have been built into the system to support compliance and the use of best practices for grant expenditure documentation and timesheet management. This allows for enhanced grant management oversight and analysis.

Initial and Ongoing Licensed Program Eligibility Criteria

In order to be eligible and participate in a Colorado Shines quality improvement program, each early care and learning program must minimally meet the following requirements:

Exhibit C

1. Hold a current, permanent child care license and be in compliance with Head Start/Early Head Start regulations (where applicable).
2. Enroll children prior to kindergarten entry.
3. Hold a Colorado Shines Level 2 or higher at the time of application. Please see the Hardship Program Eligibility and Award section below for clarification if a program has not achieved a Level 2.
4. Maintain a Colorado Child Care Assistance Program (CCCAP) fiscal agreement AND indicate acceptance of CCCAP on the Colorado Shines program profile. Please see the Hardship Program Eligibility and Award section below for clarification if a program does not have a CCCAP fiscal agreement.
5. Submit an application for quality improvement and incentive supports within the Quality Improvement tab of the program profile within the program of the Colorado Shines Technology System.

Hardship Program Eligibility and Award

Licensed Programs rated in the Colorado Shines system can apply for a one-time hardship award for the following reasons, approved by the Office of Early Childhood, provided the program is serving a high needs population as defined in the School Readiness Quality Improvement Program Rules (7.716.12 CCR); and has a demonstrated hardship as follows:

1. The program is a Level 1, holds a CCCAP fiscal agreement and is actively making progress toward achieving a Level 2 quality rating in which additional funding would support Level 2 achievement or;
2. The program is a Level 2 or higher, unable to execute a CCCAP Fiscal agreement and additional funds would support the provider in entering into a CCCAP fiscal agreement or;
3. The program is a Level 2 and additional funds would support them to earn a high quality rating Level 3-5 by June 30, 2020 (a fiscal agreement is not required) or;
4. The program is a Level 3 through 5 with an expiration date before July 1, 2020 and additional funds would support the program earning their high quality rating by June 30, 2020 (a fiscal agreement is not required).

Licensed programs are only eligible for an award based on a hardship once during the current and future State Fiscal Years. Program awards for eligibility criteria 1 and 2 above, will be awarded fifty percent of the award amount when the Colorado Shines QI MOU is executed and the remaining award amount once the hardship issue has been resolved (Level 2 rating is earned or CCCAP fiscal agreement is in place and the program profile indicating the acceptance of CCCAP) Programs have a six month timeframe or until April 15, 2020 to meet these requirements, whichever is earlier. Program awards for eligibility criteria 3 and 4 above will result in the full award with when the Colorado Shines QI MOU is executed with the expectation the program earns a high quality rating Level 3-5 by June 30, 2020.

The funding for these applications is available from July 1, 2020 - December 31, 2020.

Once awarded, programs meeting eligibility criteria for 1 and 2 above must meet the following criteria in order to continue participation in a Colorado Shines quality improvement program:

1. Execute and comply with the QI MOU.
2. Achieve and maintain a Level 2 within five months or by April 15, 2020 whichever is earlier, of the QI MOU execution date.

Exhibit C

3. Meet QIP requirements by including the results of the Colorado Shines Readiness Assessment or program results of a Level 3 through 5 onsite assessment into the QIP.
4. Maintain a CCCAP fiscal agreement AND indicate acceptance of CCCAP on the Colorado Shines program profile.
5. Submit an application to be rated for Level 3-5 or attain a Level 3-5 alternative pathway within an 18-month period and maintain a high-quality Colorado Shines Level 3-5 rating.

Once awarded, programs meeting eligibility criteria for 3 and 4 above must earn a high quality rating Level 3-5 by June, 2020.

The Office of Early Childhood will be providing information regularly regarding eligible licensed programs, based on the above criteria.

Early Learning Program Improvement in Rating to Maintain Eligibility

Programs participating in the Colorado Shines quality improvement program must demonstrate specific and measurable gains in order to remain eligible. It is expected that programs at Level 1 or Level 2 submit for an onsite Colorado Shines assessment (Level 3-5 rating) within 18 months of signing a Memorandum of Understanding (MOU) with the Early Childhood Council. It is the responsibility of the program and the Early Childhood Council to monitor and submit for an onsite assessment timely. All programs are subject to the following expectations, based on their Colorado Shines level:

- Early childhood education programs that complete an onsite Colorado Shines assessment and earn a Level 2 must re-rate within an 18 month time period.
- Early childhood education programs that complete an onsite Colorado Shines assessment and earn a Level 3 must meet one of the following criteria in the subsequent onsite rating to maintain eligibility for funding:
 - Increase their average environment rating scale score; or,
 - Increase their total quality points earned; or,
 - Earn a Colorado Shines Level 4 or 5
- Early childhood education programs that earn a Colorado Shines Level 4 or 5 must maintain their Level 4 or 5

Early childhood education programs that do not maintain a Colorado Shines Level 3, 4, or 5 during a rating cycle must re-rate within 18 months.

Other Program Eligibility as defined by State Priorities

In the event other State priorities are identified, additional eligibility requirements for licensed programs may be defined for quality improvement supports and incentives.

Overview of Expanding Quality in Infant Toddler Care Initiative Business Rules

Program Overview

The EQ Initiative works to increase the quality and availability of high quality infant toddler care that meets the unique developmental need infants and toddlers have for responsive relationships through a specific focus on improving caregiver-child interactions. Activities include the facilitation of relationship-based, high quality professional development for infant and toddler early care educators (e.g. EQIT Course and EQ RELATE Coaching, LENA Grow), professionals serving infant toddler caregivers (e.g. EQ Infant Toddler Specialists), and supports for the provision of these including technical assistance to Early Childhood Councils and other partners. The primary activities of the EQ Initiative, the 48-hour EQIT Course and EQ RELATE Coaching, are facilitated through the local Early Childhood Council.

Early Childhood Councils must satisfy the following conditions in order to receive technical assistance to develop Infant Toddler Specialist capacity in the local community:

1. Describe the infant and/or toddler child care landscape including the presence of children under the age of three who participate in child care and/or the need for such care.
2. Describe the current capacity for providing relationship-based professional development, including EQ Initiative-certified Infant Toddler Specialist Trainers and Coaches.

Early Childhood Councils must satisfy the following conditions in order to implement the EQIT course and EQ RELATE Coaching:

1. Two approved EQIT Instructors who have completed the Infant Toddler Specialist Foundation Course (ITSFC) or the former EQIT Training of Trainers (TOT) are noted for each EQIT requested course.
2. EQIT instructors must hold a current Colorado Shines Professional Development Information System (PDIS) Trainer Credential by June 30, 2020.
3. Enrollment in each EQIT course is expected to include 20-25 participants in non-rural communities, and 12-16 in rural communities. Prior written approval from the EQ Initiative Program Manager is needed for smaller courses. Each course is expected to include 75% or more infant and toddler serving-professionals in the non-rural communities and 50% or more infant and toddler-serving professionals in rural communities. Prior written approval from the EQ Initiative Program Manager is needed for courses not serving primarily infant and toddler-serving professionals.
4. EQ RELATE Coaching can be provided when there is an approved coach who has been trained in using the EQ RELATE coaching model and holds a current Colorado Coaching Credential. EQ RELATE Coaching will be offered to all EQIT participants who serve infants and toddlers, with the expectation that each

Exhibit D

- infant toddler early care educator participating in EQIT receive a minimum of 3 hours of EQ RELATE Coaching. EQ RELATE Coaching can be offered within the 2 years following enrollment in an approved EQIT course.
5. EQIT Course and EQ RELATE Coaching may only be conducted using materials approved by the EQ Initiative. All 16 modules and the full 48 hours of instruction must be completed in-person for each EQIT Course.
 6. A budget including description of plan for use of registration fees received for EQIT courses has been provided to and approved by the EQ Initiative Program Manager. A fee of no more than \$50 can be charged per participant.
 7. Description of any college-level course credit connected with EQIT and a contact for the local credit-offering institution.

More detailed information about implementing EQIT courses and coaching can be found in the EQ Implementation Handbook.

Early Childhood Councils must satisfy the following conditions in order to implement other approved relationship-based professional development for infant and toddler early care educators:

1. One EQ Infant Toddler Specialist who has completed the Infant Toddler Specialist Foundation Course (ITSFC) or the former EQIT Training of Trainers (TOT) and holds a current Trainer Credential. If the approved opportunity includes coaching, the individual must also hold a current Coaching Credential.

Allowable Use of EQ Initiative Funding

All Early Childhood Councils with qualified EQ Infant Toddler Specialists (employees or contractors) can access the EQ General Accounting Encumbrance (GAE) funds for the provision of high-quality, evidence-based professional development for infant toddler early care educators and infant toddler specialists to support the following:

1. **EQIT Course.** Allowable activities include payment of instructors, purchase of materials utilized during the EQIT course, registration expenses, planning and coordination expenses, EQIT course orientation, financial support for one or more EQ team members to participate in Early Childhood Council meetings to inform infant and toddler issues and activities. Approval is pending available funds and at the discretion of the State.
2. **EQ RELATE Coaching.** Coaching is reimbursed only for direct hours of coaching, defined as observation and reflection with infant toddler early care educators and directors of programs serving infants and toddlers, who are enrolled in approved EQIT courses or infant and toddler-focused professional development. Prior approval of the EQ Initiative program manager is required for any other use of funds designated for EQ RELATE Coaching. Approval is pending available funds and at the discretion of the State.
3. **Relationship-Based Professional Development.** Additional courses of training and coaching may be offered with pre-approval of the EQ Initiative program manager. Prior approval of the EQ Initiative program manager is required for use

- of funds. Pre-approved coursework and coaching may include, and are not limited to LENA Grow, Touchpoints, Cradling Literacy, The Growing Brain Training, and Promoting First Relationships, and infant and toddler-focused professional development approved by both the Colorado Shines Training Alignment and the EQ Initiative Program Manager. EQ RELATE Coaching can be provided in response to all of these courses. Approval is pending available funds and at the discretion of the State.
4. **Professional Development.** Allowable activities for Infant Toddler Specialist professional development include attendance at and registration for approved conferences and trainings. Pre-approval for these requests is required and is based on available funding and is at the discretion of the State. An EQ Infant Toddler Specialist is someone who has completed foundational training and maintains minimum annual requirements with the EQ Initiative and can provide coaching and/or training in a local community.
 5. **Reflective Practice Supervision/Support.** Allowable activities include payment to Infant Toddler Specialists who provide EQ RELATE Coaching, for their time and/or to be applied to the provision of reflective practice supervision/support for those who do not otherwise have access to such support as is required to maintain their Colorado Coaching Credential. Pre-approval for these requests is required and is based on available funding and is at the discretion of the State.
 6. **Mileage/Travel Reimbursement.** Councils may request reimbursement for two categories of travel costs incurred by Infant Toddler Specialists. These requests must be pre-approved prior to the travel occurring. First, reimbursement for specialists providing EQ RELATE Coaching to EQIT participants who work more than 35 miles from the primary location of the specialist. Second, travel reimbursement for the Infant-Toddler Specialist to attend approved professional development opportunities. Pre-approval for these requests is required and is based on available funding and is at the discretion of the State.
 7. **EQIT Course Materials.** Funds may be requested to purchase required EQIT course materials. This does not include consumable materials such as EQIT Handout Packets or office supplies. Approval for EQIT course materials is pending available funds and at the discretion of the State.

GAE Funding and Business Rules

All EQ Initiative funding is accessible through a General Accounting Encumbrance (GAE). Each Early Childhood Council contract will include the full amount of the EQ GAE as a “not to exceed” statement and can draw down from the EQ GAE with proper approval. Prioritization for funding is driven by State Department priorities and demand. These funds will be available to councils so long as funding is available in the EQ GAE and councils have pre-approval for the expense where required. EQ Initiative funding is intended to support EQ Infant Toddler Specialists to provide evidence-based training and coaching to infant and toddler care providers and to build the capacity of the Infant Toddler Specialist Network in Colorado to serve those providers. Funds will be awarded through the GAE as follows:

Exhibit D

1. **EQIT Course.** Upon approval, Early Childhood Councils will be awarded \$4,500 for each course approved through the GAE. This includes funding to support administration for each course approved through the GAE. Administration activities include coordination, marketing, data collection and reporting efforts.
 - a. Prior approval is required to provide an EQIT course where 25% or more of the participants do not serve infants and toddlers in non-rural areas or 50% in rural areas, in addition to minimum course sizes of 12 in rural areas and 20 in non-rural areas.
2. **Coaching.** Upon approval, Early Childhood Councils will be awarded up to \$50 for each requested coaching hour. Included in this rate are the cost of the coaching, the costs of travel, reflective supervision, and participation in professional development for EQ Infant Toddler Specialists. Councils are responsible for ensuring all coaching hours are conducted in order to reimburse for coaching AND for associated costs. Councils are encouraged to seek other funding to supplement the hourly direct coaching rate, and the rate reimbursed by the state shall not exceed \$50/hour of coaching. Adjustments to coaching hours and coaching rate may occur in cases where the demand or capacity for coaching changes.
 - a. In order to be eligible to receive coaching, individuals must care for infants and toddlers and be/have been enrolled in an EQIT course and/or another EQ-Initiative approved course of professional development in the past 2 years.

Invoice Process

Payments for approved activities will be made from the GAE on a cost reimbursement basis. Reimbursement for coaching hours requires documentation that includes coaching hours provided to whom and by whom. This is documented via the EQ reporting spreadsheet. Councils are required to maintain quarterly reporting requirements for coaching hours.

Professional development, reflective supervision/consultation, mileage/travel, and EQIT course materials will be reimbursed based on budgets approved by the EQ Initiative Program Manager only. In order for funds to be released through the GAE, each Early Childhood Council must provide the following for each EQIT Course:

- a. Name of each Infant Toddler Specialist supporting the course, including a copy or other verification of a current Trainer Credential certificate.
- b. Name of each individual providing EQ RELATE coaching, including a copy or other verification of a current Coaching Credential certificate.
- c. Copy of advertisement materials (e.g., fliers, social media posts, newsletter blurbs, or websites).

Exhibit D

- d. An overview for the expected use of the EQIT Course GAE award. In cases where a Council is charging a registration fee, Councils are required to include a description for how these fees will be used. This information must be submitted using Exhibit EQ-B.

Reporting Requirements

Early Childhood Councils implementing EQ activities must report the following:

1. **Quarterly EQ RELATE Coaching Reports.** On a quarterly basis information for the completed coaching activities. Report includes name, contact information, employer and license number of the EQIT participant, number of coaching hours received, and name of coach. These reports are due (period of report): Oct 31 (July 1-Sept 30), Jan 31 (Oct 1- Dec 31), April 30 (Jan 1- March 31), June 15 and End of Year (April 1 – anticipated by June 30). EQ reporting spreadsheet must be used for this report.
2. **EQIT Courses.** Upon completion of each EQIT course, Early Childhood Councils must report the EQIT Course, enrollment counts, name of participant, role, program name and license number, any earned credit, for each individual. Individual data will be collected on the EQ reporting spreadsheet. Per course data including the number of people earning credit and the community college contact, the number enrolled and completing, number of infants and toddlers served by participants, the names of the course instructors, dates of the course. All course level data will be collected electronically.
3. **EQIT Course Certificate Request.** Upon completion of the EQIT course, Early Childhood Councils must request the issuance of an EQIT Course Certificate. Certificates may be requested up to two weeks in advance of the scheduled end date of the EQIT course and must be requested within two weeks following the scheduled end date of the courses.
4. Early Childhood Councils may also be required to provide other data as requested by EQ Initiative State team.

“During the performance of this contract, the contractor agrees as follows:

- a) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- c) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- e) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the

Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

- f) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
 - g) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.”
- ii. 4.2 Davis-Bacon Act. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or Subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
 - iii. Rights to Inventions Made Under a Contract or Agreement. If the Federal Award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and Subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” Subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
 - iv. Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33

U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

- v. Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
 - vi. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C.1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- 12) **Compliance.** Subrecipient shall comply with all applicable provisions of The Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), including but not limited to these Supplemental Provisions for Federal Awards. Any revisions to such provisions automatically shall become a part of these Supplemental Provisions, without the necessity of either party executing any further instrument. CDHS may provide written notification to Subrecipient of such revisions, but such notice shall not be a condition precedent to the effectiveness of such revisions.
- 13) **Procurement Procedures.** Subrecipient shall use its own documented procurement procedures which reflect applicable State, local, and Tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in the Uniform Guidance, including without limitation, §§200.318 through 200.326 thereof.
- 14) **Certifications.** Unless prohibited by Federal statutes or regulations, CDHS may require Subrecipient to submit certifications and representations required by Federal statutes or regulations on an annual basis (2 CFR §200.208). Submission may be required more frequently if Subrecipient fails to meet a requirement of the Federal award. Subrecipient shall certify in writing to CDHS at the end of the Contract that the project or activity was completed or the level of effort was expended. 2 CFR §200.201(b)(3). If the required level of activity or effort was not carried out, the amount of the Contract must be adjusted.
- 15) **Event of Default.** Failure to comply with the Uniform Guidance or these Supplemental Provisions for Federal Awards shall constitute an event of default under the Contract pursuant to 2 CFR §200.339 and CDHS may terminate the Contract in accordance with the termination provisions in the Contract.
- 16) **Close Out.** Subrecipient shall close out this Contract within 90 days after the End Date. Contract close out entails submission to CDHS by Subrecipient of all documentation defined as a deliverable in this Contract, and Subrecipient's final reimbursement request. CDHS shall withhold 5% of the allowable costs until all final project documentation has been submitted and accepted by State as substantially complete. If the project has not been closed by the Federal awarding agency within 1 year and 90 days after the End Date due to Subrecipient's failure to submit required documentation that CDHS has requested from Subrecipient, then Subrecipient may be prohibited from applying for new Federal awards through the State until such documentation has been submitted and accepted.
- 17) **Erroneous Payments.** The closeout of a Federal award does not affect the right of the Federal awarding agency or CDHS to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the record retention period.

Colorado Shines Business Rules

Colorado Shines Quality Rating and Improvement System

The Colorado Shines Quality Rating and Improvement System is the primary measure of the effectiveness of quality improvement activities. The Colorado Shines framework includes five standard areas that research has shown are related to program quality: Workforce and Professional Development; Family Partnerships; Leadership, Management and Administration; Learning Environment; and Child Health. In addition to accumulating the total number of points required for each Level 3-5 rating, programs must meet minimum levels of quality as measured by the appropriate Early Childhood Environment Rating Scale (ERS). Colorado Shines quality standards apply to all licensed child care centers, family child care homes, and district and charter-based preschool programs serving children prior to kindergarten entry. This rating system is a block and point system with Levels 1 and 2 based on meeting standards outlined in each block and Levels 3 through 5 based on an accumulation of points. Programs that meet current early care and education program-licensing criteria will receive a Level 1 quality rating. Level 1 demonstrates that a program is meeting licensing standards and holds a permanent license. If a program chooses not to pursue higher quality levels within Colorado Shines, then it will remain at a Level 1. Programs may choose to pursue higher quality levels 2 through 5..

Quality Incentives and Program Supports

The Colorado Shines quality improvement incentives and program supports are based on license type (center/preschool/home) and number of classrooms. The Office of Early Childhood, Colorado Department of Human Services, sets funding amounts for quality improvement incentive awards. Actual funding amounts vary and may change based on the more prescriptive manner as outlined in the Early Childhood Council Strategic Plan, School-Readiness Plan and Quality Improvement Program Memorandum of Understanding (QI MOU) that is executed with each participating child care program. Quality improvement resources are based on available funding and may be prioritized to support the Office of Early Childhood strategic priorities.

Quality improvement incentives offered at Levels 1 and 2 include funding to support the readiness assessment, which determines a program's ability to meet the Level 3 through 5 quality indicators as well as the program's quality improvement planning.

Allowable Use of Quality Improvement Supports and Incentive Funding

All licensed program quality improvement supports and quality incentive funding must be linked to goals noted within the child care program Colorado Shines Quality Improvement Plan (QIP). Programs can choose to access coaching, professional development, temporary teacher funds, and early learning materials.

1. **Coaching** - Colorado Shines offers a coaching model that supports all five quality standards. Coaching includes intensive support offered by subject matter experts to enhance particular aspects of quality. This support can occur in person or remotely, for example via phone, email, or video conference. This model incorporates practice-based coaching which focuses on planning and goal setting, focused observation, reflection and sharing teaching practices. Coaches are required to hold a coaching credential to coach within this framework. Coaching rates include direct classroom coaching and

indirect coaching activities (preparing, following up, logging coaching, travel, coach professional development).

2. **Professional Development and Temporary Teacher Funds** - Participating programs may utilize quality improvement funding to compensate for professional development activities for their staff. Allowable activities include qualifying Early Childhood Education college coursework, conferences, training, and substitute teacher reimbursement for professional development purposes.
3. **Early Learning Materials** - Classroom materials, such as non-consumable materials for the child care learning environment.
4. **Tiered Reimbursement** - Detail for the Tiered Reimbursement Plan shall be reflected in the Early Childhood Council(s) school-readiness plan in cases where tiered reimbursement will be included as a quality incentive strategy for licensed program grant awards. Colorado Shines Quality Improvement funding may only be used to augment existing provider rates for programs being supported at a Colorado Shines high quality (Levels 3-5).

Funds to support **Minor improvements** in programs that serve infants and toddlers may be available through an application to and approval from the Office of Early Childhood, Colorado Department of Human Services. State approval depends on available funding and strength of the request. Eligible programs must hold a Colorado Shines Level 2 or higher, have an active Colorado Child Care Assistance Program (CCCAP) fiscal agreement and meet requirements for CSQI-Targeted funds as outlined below.

Quality Incentive Funding Formula and Business Rules

Quality improvement incentives are monetary awards within Colorado Shines which are generally intended to help support the costs of improving program quality and/or maintaining program quality. Quality improvement incentives are related to a program's Colorado Shines QIP, are conditioned on the achievement and advancement of quality levels in Colorado Shines, and are intentionally focused on the statewide priorities and goals. Awards are structured to encourage programs to engage in Colorado Shines, serve children with high needs, and improve program quality.

Early Childhood Councils deploy the local delivery supports for the Colorado Shines Quality Rating and Improvement System supporting early learning programs to increase or maintain quality through the implementation of quality improvement activities. This includes program level support from Quality Improvement Navigators and Coaches.

All quality improvement incentive funding is accessible through a General Accounting Encumbrance (GAE), which is a payment structure whereby each participating Early Childhood Council contract will include the full amount of the GAE as a "not to exceed" statement and can draw down from the GAE with proper approval. Prioritization for funding is driven by State Department priorities and demand.

Business Processes for the Distribution and Tracking of the Incentives

Early Childhood Councils serve as Quality Improvement Incentive Administrators for Colorado Shines. This is consistent across quality improvement programs funded through the Office of Early Childhood, Colorado Department of Human Services.

The Colorado Shines technology system is integrated with the Professional Development Information System, ecConnect System, and other authoritative data sources to minimize self-report data and provide a coordinated end-user experience to child care programs. Quality Improvement Incentive Administrators will use the ecConnect System to administer the child care quality improvement applications, approve and allocate quality improvement incentive funds, close-out, and renew quality improvement programs. Internal controls and approval workflows have been built into the system to support compliance and the use of best practices for grant expenditure documentation and timesheet management. This allows for enhanced grant management oversight and analysis.

Colorado Shines Quality Improvement (CSQI-Targeted) Program Eligibility

In order to be eligible and participate in the Colorado Shines quality improvement (CSQI-Targeted) program, each early care and learning program must meet eligibility requirements as outlined below. Each licensed program is eligible for one grant award per state fiscal year, pending available funding.

Applications for available funding will follow the State Fiscal Year (SFY) as identified in Early Childhood Council contracts with the Colorado Department of Human Services.

Early Learning Program Improvement in Rating to Maintain Eligibility

Programs participating in the Colorado Shines quality improvement program must demonstrate specific and measurable gains in order to remain eligible. It is expected that programs at Level 1 will reach Level 2 and submit for a Colorado Shines Level 3-5 rating assessment within 24 months of signing a Memorandum of Understanding (MOU) with the Early Childhood Council. Level 2 programs must submit for a Colorado Shines rating assessment within 18 months of signing a Colorado Shines Quality Improvement MOU with the Early Childhood Council. It is the responsibility of the program and the Early Childhood Council to monitor and submit for a Colorado Shines rating assessment timely. All programs are subject to the following expectations, based on their Colorado Shines level:

- Early childhood education programs that complete a Colorado Shines Level 3-5 rating assessment and earn a Level 2 must re-rate within an 18 month time period.
- Early childhood education programs that complete a Colorado Shines Level 3-5 rating assessment and earn a Level 3 must meet one of the following criteria in the subsequent onsite rating to maintain eligibility for funding:
 - Increase their average environment rating scale score; or,
 - Increase their total quality points earned; or,
 - Earn a Colorado Shines Level 4 or 5
- Early childhood education programs that earn a Colorado Shines Level 4 or 5 must maintain a Level 4 or 5

Early childhood education programs that do not maintain a Colorado Shines Level 3, 4, or 5 during a rating cycle must re-rate within 18 months.

Other Program Eligibility as defined by State Priorities

In the event other State priorities are identified, additional eligibility requirements for licensed programs may be defined for quality improvement supports and incentives.

Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
 - v. Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Any revisions to such provisions automatically shall become a part of these Supplemental Provisions, without the necessity of either party executing any further instrument. CDHS may provide written notification to Subrecipient of such revisions, but such notice shall not be a condition precedent to the effectiveness of such revisions.
- 13) **Procurement Procedures.** Subrecipient shall use its own documented procurement procedures which reflect applicable State, local, and Tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in the Uniform Guidance, including without limitation, §§200.318 through 200.326 thereof.

CDHS shall withhold 5% of the allowable costs until all final project documentation has been submitted and accepted by State as substantially complete. If the project has not been closed by the Federal awarding agency within 1 year and 90 days after the End Date due to Subrecipient’s failure to submit

required documentation that CDHS has requested from Subrecipient, then Subrecipient may be prohibited from applying for new Federal awards through the State until such documentation has been submitted and accepted.

- 17) **Erroneous Payments.** The closeout of a Federal award does not affect the right of the Federal awarding agency or CDHS to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the record retention period.

In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
 - v. Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C.1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- 12) **Compliance.** Subrecipient shall comply with all applicable provisions of The Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), including but not limited to these Supplemental Provisions for Federal Awards. Any revisions to such provisions automatically shall become a part of these Supplemental Provisions, without the necessity of either party executing any further instrument. CDHS may provide written notification to Subrecipient of such revisions, but such notice shall not be a condition precedent to the effectiveness of such revisions.
- 13) **Procurement Procedures.** Subrecipient shall use its own documented procurement procedures which reflect applicable State, local, and Tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in the Uniform Guidance, including without limitation, §§200.318 through 200.326 thereof.
- 14) **Certifications.** Unless prohibited by Federal statutes or regulations, CDHS may require Subrecipient to submit certifications and representations required by Federal statutes or regulations on an annual basis (2 CFR §200.208). Submission may be required more frequently if Subrecipient fails to meet a requirement of the Federal award. Subrecipient shall certify in writing to CDHS at the end of the Contract that the project or activity was completed or the level of effort was expended. 2 CFR §200.201(b)(3). If the required level of activity or effort was not carried out, the amount of the Contract must be adjusted.
- 15) **Event of Default.** Failure to comply with the Uniform Guidance or these Supplemental Provisions for Federal Awards shall constitute an event of default under the Contract pursuant to 2 CFR §200.339 and CDHS may terminate the Contract in accordance with the termination provisions in the Contract.
- 16) **Close Out.** Subrecipient shall close out this Contract within 90 days after the End Date. Contract close out entails submission to CDHS by Subrecipient of all documentation defined as a deliverable in this Contract, and Subrecipient’s final reimbursement request. CDHS shall withhold 5% of the allowable costs until all final project documentation has been submitted and accepted by State as substantially complete. If the project has not been closed by the Federal awarding agency within 1 year and 90 days after the End Date due to Subrecipient’s failure to submit

required documentation that CDHS has requested from Subrecipient, then Subrecipient may be prohibited from applying for new Federal awards through the State until such documentation has been submitted and accepted.

- 17) **Erroneous Payments.** The closeout of a Federal award does not affect the right of the Federal awarding agency or CDHS to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the record retention period.

Together, the Early Childhood Councils throughout the state serve to create a seamless system of early childhood services representing collaboration among various public and private stakeholders for the effective delivery of early childhood services in the areas of early care and education, family support, mental health, and health. These services shall support children eight (8) years of age or younger and their parents in a manner that is responsive to local needs and conditions.

EQIT Statement of Work (SOW)

INTRODUCTION/BACKGROUND

The Douglas County School District (grantee) through the direct work of the Douglas County Early Childhood Council (DCECC) strives to create a seamless system of early childhood services representing collaboration and coordination among various public and private stakeholders for the effective delivery of early childhood services, for children 8 years and younger, in the domain areas of: Early Care & Education, Family Support & Education, and Health & Well-Being.

The primary goal of the EQ Initiative is to increase the quality and availability of responsive group care for infants and toddlers across Colorado. The EQ Initiative focuses on providing infant toddler caregivers evidence-based professional development they need to ensure each child has access to the responsive relationships that define quality early care and learning, encouraging programs to meet the full range of developmental needs for infants and toddlers. This initiative works through the EQ Infant Toddler Specialist Network and in partnership with local communities to increase the quality of caregiver interactions with infants and toddlers in child care settings. The primary evidence-based professional development activities carried out by local, approved EQ Infant Toddler Specialists are the 48-hour EQIT course of training offered in local communities across the state and Coaching with the EQ RELATE. All individuals teaching the EQIT course must have completed the state-level Infant Toddler Specialist Foundations course and possess a Colorado Trainer Credential or Trainer Approval. All individuals conducting EQ RELATE Coaching must adhere to the EQ model, utilizing the EQ RELATE Coaching tools, and hold a Colorado Coaching Credential. Additional activities include the fidelity implementation of evidence-based professional development for infant and toddler early care educators and the capacity-building of infant toddler specialists and local communities.

SCOPE OF WORK

This Scope of Work was developed to reflect State Department priorities and performance standards in the grant area of: Expanding Quality in Infant Toddler Care Initiative (EQ Initiative). The EQ Initiative supports Early Childhood Councils to increase the quality of infant and toddler child care through the provision of evidence-based training and coaching for infant and toddler early care educators, deployed by EQ Infant Toddler Specialists and other approved individuals. EQIT training and coaching seek to increase the quality and availability of responsive, relationship-based infant toddler care in local communities across Colorado. The Early Childhood Council shall offer the approved 48-hour EQIT course of training and individualized EQIT Coaching, following all EQ Initiatives guidelines. Any changes to the EQIT Course of Training, the EQIT Coaching model must be preapproved. Other high-quality, evidence-based professional development for infant toddler early care educators can be provided with Program Manager approval including LENA Grow, Touchpoints, additional EQ RELATE Coaching, and scholarships for ECE 111/112 and/or the Infant Toddler or Family Child Care CDA. All requirements of these programs must be met. The EQIT course and coaching are designed to be offered at very low cost to infant toddler caregivers across Colorado. However, Early Childhood Councils may charge a nominal fee (up to \$50/pp for training) and may use those funds ONLY for EQIT-related needs. There must be a written plan in place to reduce or eliminate this charge for individuals who cannot afford to pay training fees.

1. Payment for Quality Improvement (QI) to all contractors will be made as incurred, in whole or in part, from the total available funds to be utilized for Quality Improvement that includes: coaching activities and coach training, professional development of staff, purchases of program specific materials, temporary teaching funds, and capital expenditures. It is understood each contractor shall obtain prior written approval from CDHS prior to incurring any costs related to QI funds. It is further understood and agreed that the maximum amount of funds available statewide for the current fiscal year will be divided between all of the Early Childhood Council contracts. The State shall not be liable for any costs incurred without obtaining prior approval for the expenditure of QI funds.
 - a) Please refer to Page 1 for the amount available under the GAE for the current fiscal year.
2. Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion

and without formal notice to Contractor. No minimum payment is guaranteed to Contractor. The liability of the State for such payments is limited to the encumbered amount remaining of such funds.

3. Invoices shall be submitted separately for pre-approved QI expenditures.

a) The Contractor shall submit requests for payment to CDHS_OEC_Invoicing@state.co.us.

B. EXPANDING QUALITY IN INFANT TODDLER CARE GENERAL ACCOUNTING ENCUMBRANCE (EQIT-GAE)

1. Payment for Expanding Quality in Infant Toddler Care (EQIT) to all contractors will be made as incurred, in whole or in part, from the total available funds shall be utilized to support the following quality improvement efforts: deployment of the EQ Infant Toddler Specialist Network to provide evidence-based, infant toddler specific professional development, e.g. the Expanding Quality for Infant and Toddler (EQIT) 48-hour course, EQ Relate coaching for individuals completing the EQIT course, and support for the related costs of professional development for current and new infant toddler specialists. To be utilized for EQIT as outlined in **Exhibit A – Statement of Work**. It is understood each contractor shall obtain prior written approval from CDHS prior to incurring any costs related to EQIT funds. It is further understood and agreed that the maximum amount of funds available state wide for the current fiscal year will be divided between all of the Early Childhood Council contracts. The State shall not be liable for any costs incurred without obtaining prior approval for the expenditure of EQIT funds.

a) Please refer to Page 1 for the amount available under the GAE for the current fiscal year.

b) Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion and without formal notice to Contractor. No minimum payment is guaranteed to Contractor. The liability of the State for such payments is limited to the encumbered amount remaining of such funds.

c) Invoices shall be submitted separately for pre-approved EQIT expenditures.

d) The Contractor shall submit requests for payment to CDHS_OEC_Invoicing@state.co.us.

2. UP TO RATES (direct and indirect).

The indirect rate should not be bundled within the direct rate of an EQIT activity (course, coaching, data and reporting, etc.). In cases where a Council or fiscal agent charges an indirect rate, these charges should be reflected within the invoice and calculated based on actual expenses. The corrected rates include:

a) \$4,200 per EQIT Course;

b) \$300 per EQIT Course to support data and reporting; and

c) \$27 per hour for EQ RELATE Coaching.

Because this is a cost reimbursement contract, charges for these activities should be based on actual costs, but in no case should charges exceed the amounts noted for each activity.

3. PROGRAM INCOME

In cases where an Early Childhood Council is charging fees to EQIT participants, this funding is considered program income. The program income must be documented and the agency must demonstrate how it is spent relative to the program.

C. MICRO GRANT GENERAL ACCOUNTING ENCUMBRANCE (MG-GAE)

1. Payment for Micro grants to all contractors shall be made as incurred, in whole or in part, from the total available funds shall be used to support startup costs for licensed child care programs. It is understood each contractor shall obtain prior written approval from CDHS prior to incurring any costs related to Micro grant funds. It is further understood and agreed that the maximum amount of funds available statewide for the current fiscal year will be divided between all of the Early Childhood Council contracts. The State shall not be liable for any costs incurred without obtaining prior approval for the expenditure of Micro grant funds.
 - a) Please refer to Page 1 for the amount available under the GAE for the current fiscal year.
2. Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion and without formal notice to Contractor. No minimum payment is guaranteed to Contractor. The liability of the State for such payments is limited to the encumbered amount remaining of such funds.
3. Invoices shall be submitted separately for pre-approved Micro Grant expenditures.
 - a) The Contractor shall submit requests for payment to CDHS_OEC_Invoicing@state.co.us.

11) **Contract Provisions.** Subrecipient shall comply with and shall include all of the following applicable provisions in all subcontracts entered into by it pursuant to this Contract:

- i. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 shall include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

“During the performance of this contract, the contractor agrees as follows:

- a) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- b) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- c) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- d) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- e) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant

thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

- f) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
 - g) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.”
- ii. 4.2 Davis-Bacon Act. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or Subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
 - iii. Rights to Inventions Made Under a Contract or Agreement. If the Federal Award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and Subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” Subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
 - iv. Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant

to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

- v. Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
 - vi. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C.1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- 12) **Compliance.** Subrecipient shall comply with all applicable provisions of The Office of Management and Budget Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), including but not limited to these Supplemental Provisions for Federal Awards. Any revisions to such provisions automatically shall become a part of these Supplemental Provisions, without the necessity of either party executing any further instrument. CDHS may provide written notification to Subrecipient of such revisions, but such notice shall not be a condition precedent to the effectiveness of such revisions.
- 13) **Procurement Procedures.** Subrecipient shall use its own documented procurement procedures which reflect applicable State, local, and Tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in the Uniform Guidance, including without limitation, §§200.318 through 200.326 thereof.
- 14) **Certifications.** Unless prohibited by Federal statutes or regulations, CDHS may require Subrecipient to submit certifications and representations required by Federal statutes or regulations on an annual basis (2 CFR §200.208). Submission may be required more frequently if Subrecipient fails to meet a requirement of the Federal award. Subrecipient shall certify in writing to CDHS at the end of the Contract that the project or activity was completed or the level of effort was expended. 2 CFR §200.201(b)(3). If the required level of activity or effort was not carried out, the amount of the Contract must be adjusted.
- 15) **Event of Default.** Failure to comply with the Uniform Guidance or these Supplemental Provisions for Federal Awards shall constitute an event of default under the Contract pursuant to 2 CFR §200.339 and CDHS may terminate the Contract in accordance with the termination provisions in the Contract.
- 16) **Close Out.** Subrecipient shall close out this Contract within 90 days after the End Date. Contract close out entails submission to CDHS by Subrecipient of all documentation defined as a deliverable in this Contract, and Subrecipient's final reimbursement request. CDHS shall withhold 5% of the allowable costs until all final project documentation has been submitted and accepted by State as substantially complete. If the project has not been closed by the Federal awarding agency within 1 year and 90 days after the End Date due to Subrecipient's failure to submit required documentation that CDHS has requested from Subrecipient, then Subrecipient may be prohibited from applying for new Federal awards through the State until such documentation has been submitted and accepted.
- 17) **Erroneous Payments.** The closeout of a Federal award does not affect the right of the Federal awarding agency or CDHS to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the record retention period.

INTRODUCTION/BACKGROUND

Colorado House Bill 17-1062 authorized the creation of Colorado's Early Childhood Councils (ECC). The intent of the ECCs as stated in the legislation is to “improve and sustain the availability, accessibility, capacity and quality of early childhood services for children and families throughout the state.” According to the legislation, these Councils were established “for the purpose of developing and ultimately implementing a comprehensive system of early childhood services to ensure the school readiness of children five years of age or younger in the community.” ECCs are partners in implementing quality initiatives in child care, funded by federal and state funding streams.

Together, the Early Childhood Councils throughout the state serve to create a seamless system of early childhood services representing collaboration among various public and private stakeholders for the effective delivery of early childhood services in the areas of early care and education, family support, mental health, and health. These services shall support children eight (8) years of age or younger and their parents in a manner that is responsive to local needs and conditions.

EQIT Statement of Work (SOW)

Introduction/Background

The contractor, through the direct work of the Douglas County Early Childhood Council (DCECC), strives to create a seamless system of early childhood services representing collaboration and coordination among various public and private stakeholders for the effective delivery of early childhood services, for children 8 years and younger, in the domain areas of: Early Care & Education, Family Support & Education, and Health & Well-Being.

The primary goal of the EQ Initiative is to increase the quality and availability of responsive group care for infants and toddlers across Colorado. The EQ Initiative focuses on providing infant toddler caregivers evidence-based professional development they need to ensure each child has access to the responsive relationships that define quality early care and learning, encouraging programs to meet the full range of developmental needs for infants and toddlers. This initiative works through the EQ Infant Toddler Specialist Network and in partnership with local communities to increase the quality of caregiver interactions with infants and toddlers in child care settings. The primary evidence-based professional development activities carried out by local, approved EQ Infant Toddler Specialists are the 48-hour EQIT course of training offered in local communities across the state and Coaching with the EQ RELATE. All individuals teaching the EQIT course must have completed the state-level Infant Toddler Specialist Foundations course and possess a Colorado Trainer Credential or Trainer Approval. All individuals conducting EQ RELATE Coaching must adhere to the EQ model, utilizing the EQ RELATE Coaching tools, and hold a Colorado Coaching Credential. Additional activities include the fidelity implementation of evidence-based professional development for infant and toddler early care educators and the capacity-building of infant toddler specialists and local communities.

The EQ Initiative supports DCECC to increase the quality of infant and toddler child care through the provision of evidence-based training and coaching for infant and toddler early care educators, deployed by EQ Infant Toddler Specialists and other approved individuals. EQIT training and coaching seek to increase the quality and availability of responsive, relationship-based infant toddler care in local communities across Colorado. DCECC shall offer four (4) 48-hour EQIT course of training and individualized EQIT Coaching, following all EQ Initiatives guidelines. Any changes to the EQIT Course of Training, the EQIT Coaching model must be preapproved. Other high-quality, evidence-based professional development for infant toddler early care educators can be provided with Program Manager approval including LENA Grow, Touchpoints, additional EQ RELATE Coaching, and scholarships for ECE 111/112 and/or the Infant Toddler or Family Child Care CDA. All requirements of these programs must be met. The EQIT course and coaching are designed to be offered at very low cost to infant toddler caregivers across Colorado. However, Early Childhood Councils may charge a nominal fee (up to \$50/pp for training) and may use those funds ONLY for EQIT-related needs. There must be a written plan in place to reduce or eliminate this charge for individuals who cannot afford to pay training fees.

All Early Childhood Councils shall have access to all GAE types. All expenditures against the GAEs require pre-approval from the Program.

A. QUALITY IMPROVEMENT GENERAL ACCOUNTING ENCUMBRANCE (QI-GAE)

1. Payment for Quality Improvement (QI) to all contractors will be made as incurred, in whole or in part, from the total available funds to be utilized for Quality Improvement that includes: coaching activities and coach training, professional development of staff, purchases of program specific materials, temporary teaching funds, and capital expenditures. It is understood each contractor shall obtain prior written approval from CDHS prior to incurring any costs related to

QI funds. It is further understood and agreed that the maximum amount of funds available statewide for the current fiscal year will be divided between all of the Early Childhood Council contracts. The State shall not be liable for any costs incurred without obtaining prior approval for the expenditure of QI funds.

- a) Please refer to Page 1 for the amount available under the GAE for the current fiscal year.
2. Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion and without formal notice to Contractor. No minimum payment is guaranteed to Contractor. - a) \$4,200 per EQIT Course;
- b) \$300 per EQIT Course to support data and reporting; and

AS FISCAL AGENT FOR:

DOUGLAS COUNTY EARLY CHILDHOOD COUNCIL

JULY 2023 - JUNE 2024

INTRODUCTION/BACKGROUND

Colorado House Bill 17-1062 authorized the creation of Colorado's Early Childhood Councils (ECC). The intent of the ECCs as stated in the legislation is to “improve and sustain the availability, accessibility, capacity and quality of early childhood services for children and families throughout the state.” According to the legislation, these Councils were established “for the purpose of developing and ultimately implementing a comprehensive system of early childhood services to ensure the school readiness of children five years of age or younger in the community.” ECCs are partners in implementing quality initiatives in child care, funded by federal and state funding streams.

Together, the Early Childhood Councils throughout the state serve to create a seamless system of early childhood services representing collaboration among various public and private stakeholders for the effective delivery of early childhood services in the areas of early care and education, family support, mental health, and health. These services shall support children eight (8) years of age or younger and their parents in a manner that is responsive to local needs and conditions.

The primary goal of the Expanding Quality in Infant Toddler Care Initiative (EQ Initiative) is to increase the quality and availability of responsive group care for infants and toddlers across Colorado. The EQ Initiative focuses on providing infant toddler caregivers evidence-based professional development they need to ensure each child has access to the responsive relationships that define quality early care and learning, encouraging programs to meet the full range of developmental needs for infants and toddlers. This initiative works through the EQ Infant Toddler Specialist Network and in partnership with local communities to increase the quality of caregiver interactions with infants and toddlers in child care settings.

The primary evidence-based professional development activities carried out by local, approved EQ Infant Toddler Specialists are the 48-hour EQIT course of training offered in local communities across the state and Coaching with the EQ RELATE. All individuals teaching the EQIT course must be Professional Development Information System (PDIS) Credentialed EQ Infant Toddler Specialists as of the beginning of the performance period. All individuals conducting EQ RELATE Coaching must adhere to the EQ model, utilizing the EQ RELATE Coaching tools, and be a PDIS Credentialed EQ Infant Toddler Specialist Coach. Additional activities include the fidelity implementation of evidence-based professional development for infant and toddler early care educators and the capacity-building of infant toddler specialists and local communities.

All Early Childhood Councils shall have access to all GAE types. All expenditures against the GAEs require pre-approval from the Program.

A. QUALITY IMPROVEMENT GENERAL ACCOUNTING ENCUMBRANCE (QI-GAE)

1. Payment for Quality Improvement (QI) to all contractors will be made as incurred, in whole or in part, from the total available funds to be utilized for Quality Improvement that includes: coaching activities and coach training, professional development of staff, purchases of program specific materials, temporary teaching funds, and capital expenditures. It is understood each contractor shall obtain prior written approval from CDEC prior to incurring any costs related to QI funds. It is further understood and agreed that the maximum amount of funds available statewide for the current fiscal year will be divided between all of the Early Childhood Council contracts. The State shall not be liable for any costs incurred without obtaining prior approval for the expenditure of QI funds.
 - a) Please refer to Page 1 for the amount available under the GAE for the current fiscal year.
2. Payment to Contractor is made from available funds encumbered and shared across multiple contractors. The State may increase or decrease the total funds encumbered at its sole discretion and without formal notice to Contractor. No minimum payment is guaranteed to Contractor. The liability of the State for such payments is limited to the encumbered amount remaining of such funds.
3. Invoices shall be submitted separately for pre-approved QI expenditures.
 - a) The Contractor shall submit requests for payment to CDEC_Invoicing@state.co.us.

1. Payment for Expanding Quality in Infant Toddler Care (EQIT) to all contractors will be made as incurred, in whole or in part, from the total available funds shall be utilized to support the following quality improvement efforts: deployment of the EQ Infant Toddler Specialist Network to provide evidence-based, infant toddler specific professional development, e.g. the Expanding Quality for Infant and Toddler (EQIT) 48-hour course, EQ Relate coaching for individuals completing the EQIT course, and support for the related costs of professional development for current and new infant toddler specialists. - a) \$4,700 per EQIT Course;
 - b) \$300 per EQIT Course to support data and reporting; and
 - c) \$100 per hour for EQ RELATE and LENA Coaching.

3. PROGRAM INCOME

In cases where an Early Childhood Council is charging fees to EQIT participants, this funding is considered program income. The program income must be documented and the agency must demonstrate how it is spent relative to the program.

C. MICRO GRANT GENERAL ACCOUNTING ENCUMBRANCE (MG-GAE)

1. Payment for Micro grants to all contractors shall be made as incurred, in whole or in part, from the total available funds shall be used to support startup costs for licensed child care programs.
